***Reason for Allowance***

1. The following is an examiner's statement of reasons for allowance: The IDS filed 08/18/05 does not teach or fairly suggest the combination of element and features as claimed, which includes: A subscriber terminal connected to a subscriber end point of a telephone network having a plurality of subscribers, the subscriber terminal comprising: a connection between said subscriber terminal and a subscriber end point, the subscriber end point being connected to the telephone network by a digital channel portion, and a probing signal transmitter for sending, to a second subscriber terminal to which a signal transmission channel has been established, a digital probing signal having a sequence of probing frames, each probing frame having at least two frame portions, each frame portion having the same preset number of digital symbols, each digital symbol having one sign bit and one data bit, wherein absolute digital values of all symbols in the frame portions are equal, and wherein the value of the sign bit changes with every adjacent frame portion, as in claims 1, 5, 12 and 13.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
